RMCET Student Council

Event Report

Informal Talk with Industrial Experts

Session 01

Speaker: Mr. Prathamesh Vengurlekar

Current Designation: Software Development Engineer

Company: Byteridge, Remote - Hyderabad

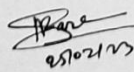

Date : 25th February, 2023

Student Council of RMCET has arranged Interactive Sessions with Industry Experts. In order to break any kind of barriers, session was titled as “ **Informal Talk with Industry Experts**”. Main Motive behind this activity was to generate bridge between students and Current Technological Advances in the Industry. This was one small step to make our students 'Industry Ready'. We believed that, Alumni can better correlate to current situation of students and they can guide their juniors better than any other third person and to our expectation inputs from Expert were truly valuable towards the fulfillment of the main motive behind this series of sessions.

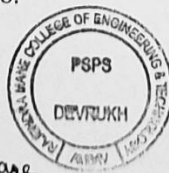

Prathmesh Vengurlekar Alumni of Computer Department (AY 2017-2018) was invited as the expert for this session. Prathamesh shared his experience as a fresher Job seeker in current Job Scenario. Then he talked about his journey towards becoming successful professional in his domain. He also shared few of the latest technologies used in his field of Software Development. He also narrated importance of Academic Projects in the process of Job Preparation. Target Audience was Students from SE, TE and BE Computer Engineering Department. Total 59 Students Attended Session.

Speaker shared certain areas and skills on which students can start working from their second year in engineering itself, so that at the end of fourth year they will be ready to get absorbed in any company. It was indeed very well executed session and participants enjoyed it thoroughly. We were overwhelmed by the positive feedback from the students.

Student Council Team with Special Efforts from Mr. Dhruvesh Gangapuram (President) organized and conducted this session. Prof. M. G. Gore took efforts in planning this session. Efforts taken by Student Council were appreciated by Principal sir. Principal also motivated Student Council Team to arrange more such sessions for other branches too.
