Swatchhata pledge taking Ceremony (16th January 2020)

“A clean India would be the best tribute India could pay to Mahatma Gandhi on his 150 birth anniversary in 2019,” said Shri Narendra Modi as he launched the Swachh Bharat Mission. As per the guidelines given by MHRD, RMCET, Ambav has organized Swatchhata pakhawada during 16th January 2020 to 31st January 2020. As part of this abhiyan, “The Swachhta Pledge Taking Ceremony” was organized in our college on 16th January 2020. In that program importance of cleanness has explained to students. This day is celebrated by taking following pledge.

स्वच्छता शपथ

महात्मा गांधी ने जिस भारत का सपना देखा था उसमें सिर्फ राजनैतिक आजादी ही नहीं थी, बल्कि एक स्वच्छ एवं विकसित देश की कल्पना भी थी। महात्मा गांधी ने गुलामी की जंजीरों को तोड़कर माँ भारती को आज़ाद कराया। अब हमारा कर्तव्य है कि गंदगी को दूर करके भारत माता की सेवा करें।

मैं शपथ लेता हूँ कि मैं स्वयं स्वच्छता के प्रति सजग रहूँगा और उसके लिए समय दूँगा।

हर वर्ष 100 घंटे यानी हर सप्ताह 2 घंटे श्रमदान करके स्वच्छता के इस संकल्प को चरितार्थ करूँगा।

मैं न गंदगी करूँगा न किसी और को करने दूँगा।

सबसे पहले मैं स्वयं से, मेरे परिवार से, मेरे मुहल्ले से, मेरे गांव से एवं मेरे कार्यस्थल से शुरुआत करूँगा।

मैं यह मानता हूँ कि दुनिया के जो भी देश स्वच्छ दिखते हैं उसका कारण यह है कि वहां के नागरिक गंदगी नहीं करते और न ही होने देते हैं।

इस विचार के साथ मैं गांव-गांव और गली-गली स्वच्छ भारत मिशन का प्रचार करूँगा।

मैं आज जो शपथ ले रहा हूँ, वह अन्य 100 व्यक्तियों से भी करवाऊँगा।

वे भी मेरी तरह स्वच्छता के लिए 100 घंटे दें, इसके लिए प्रयास करूँगा।

मुझे मालूम है कि स्वच्छता की तरफ बढ़ाया गया मेरा एक कदम पूरे भारत देश को स्वच्छ बनाने में मदद करेगा।

SWACHHATA ABHIYAN in College Campus

(21st January 2020)

Indians gained freedom under the leadership of Gandhiji, but his dream of a clean India is still unfulfilled. Mahatma Gandhi said "Sanitation is more important than independence". He made cleanliness and sanitation an integral part of the Gandhian way of living. His dream was total sanitation for all. Cleanliness is most important for physical well-being and a healthy environment. It has bearing on public and personal hygiene. It is essential for everyone to learn about cleanliness, hygiene, sanitation and the various diseases that are caused due to poor hygienic conditions. The habits learnt at a young age get embedded into one's personality. Even if we inculcate certain habits like washing hands before meals, regular brushing of teeth, and bathing from a young age, we are not bothered about cleanliness of public places. Mahatma Gandhi said, "I will not let anyone walk through my mind with their dirty feet."

Gandhiji dwelt on cleanliness and good habits and pointed out its close relationship to good health. No one should spit or clean his nose on the streets. In some cases the sputum is so harmful that the germs infect others. In some countries spitting on the road is a criminal offence. Those who spit after chewing betel leaves and tobacco have no consideration for the feelings of others. Spittle, mucus from the nose, etc, should also be covered with earth.

Keeping in mind above views of Mahatma Gandhi we organized Swatchhata Abhiyan drive in our college campus. In this drive our NSS volunteers were cleaned total campus of college. Principal Dr. M. M. Bhagawat, Prof. Belekar R. D. has also take initiative to encourage students about cleanness. The students were given Snacks after successful completion of program.

FOREST CONSERVATION

(22nd January 2020)

Venue: Ambav village

Objective of this programme: To spread the awareness about Forest conservation

Forest conservation as the name suggests is the preservation and the protection of forests. It also involves the reversal of deforestation and environmental pollution. The preservation of all natural resources is absolutely essential for the balance of our ecosystem.

The most important function of forests is that it produces mass amounts of oxygen as a by-product of photosynthesis. Oxygen is the main respiratory gas for all animals, it ensures our survival.

And while photosynthesis, trees also absorb carbon dioxide from the air. This is one of the main pollutants of air pollution. Hence forests also reduce air pollution.

By giving information about the earlier disaster such as burning of amazon rain forest for continuous 10 months which destroyed about 17-18 % of total rain forest. Also the disaster happened in Australia caused major damage to ecosystem.

By this information we spread awareness among the people to conserve the forest by reducing the rate of cutting of trees.

Poster Making Competition on topic 'Forest Conservation'

(24th January 2020)

Time: 3:30 pm to 5 pm

Venue: RMCET College, Ambav, Devrukh.

To teach our students the importance of trees & forest, National Service Scheme (NSS) unit of RMCET College has organized 'Poster Making' Competition on the subject 'Forest Conservation' on 24th January 2020 for all students. This competition is judged by Mr. Jagushte G.S. and Mr. Ashish Suware. Winners of this competition are:

1st Prize-Mr. Prathamesh Ghanekar TE Extc

2nd Prize- Mr. Kevin D'souza and TE Auto

and

Ms. Vaishnali karade SE Comp

SWACHHATA ABHIYAN IN CLASSROOMS (25nd January 2020)

On the next day all classrooms of our college were cleaned. Total 35 NSS volunteers have actively participated in this program.

Best out of Waste Program

(26th January 2020)

NSS volunteers of our college went to Nive Ashram school & give information about Best out of waste. The main objective of this program is to enhance the creativity of school level student of their ideas. Our NSS volunteers practically explained them, how you can make best product from daily waste product.

Best out of Waste Competition

(27th January 2020)

Time: 3:30 pm to 5 pm

Venue: RMCET College, Ambav, Devrukh

Making the best out of waste has been a part of human life since the early ages. It was the human creative mind that gave birth to this extraordinary idea of using unwanted material in a useful way.

To teach our students the importance of conserving the resources and to make the best use of waste things in life, National Service Scheme (NSS) unit of RMCET College has organized 'Best out of waste' Competition on 27th January 2020 for all students. Students were motivated to participate and prepare Eco-friendly products out of waste materials.

Students worked enthusiastically to use their imagination at its best thereby enhancing their creativity and even bearing how to reduce, reuse and recycle the waste.

Students were judged on the basis of the following criteria:

Imagination and Creativity, Originality, Neatness and Overall Presentation

This competition is judged by Mr. Jagushte G.S. and Mr. Ashish Suware. Winners of this competition are:

1st Prize- Ms. Akshata Tendulkar T.E. Computer

2nd Prize- Ms. Tejashree Ghanekar T.E. Extc

and

Ms. Rasika Khot F.E.

Water conservation

(28th January 2020)

Venue: Nive village

Objective of this programme: To spread the awareness about Water conservation.

By giving information about water conservation day is celebrated on 22 nd of March. Water conservation includes all the policies, strategies and activities to sustainably manage the natural resource of fresh water, to protect the hydrosphere, and to meet the current and future human demand. Population, household size and growth and affluence all affect how much water is used. Factors such as climate change have increased pressures on natural water resources especially in manufacturing and agricultural irrigation. Many countries have already implemented policies aimed at water conservation, with much success.

The ways by which water can be conserved are -

- Do not leave tap open.
- Do not open the tap and run away.
- Do not leave tap open while brushing; etc.

Water reuse

- Reuse water from old drinking bottles.
- Place a bucket in the shower.
- Use a rain barrel to save runoff from your roof.
- Water the plant with pasta water.
- Reuse the water you wasted your veggies.

By this information, we spread awareness among the people to conserve the water by reuse, recycle and save water.

Village activity

(29th January 2020)

On the next day a street play was presented for villagers. The subject of street play was cleanliness. Total 12 NSS volunteers are actively participated for this street play. We feel that our efforts will surely have a positive impact on the public.

Price distribution ceremony

(31st January 2020)

Prices were distributed to winners of Poster making competition & Best out of waste on 31st January 2020. Principal Dr. M.M. Bhagawat congratulates all winners & motivates participants in further activities.
