Yes

No

Add Comment, if any.

Akshay Dessai was working as apprentice and was reporting directly to me. He had very good communication skills, decision making skills , convincing skills, manpower handling ,knowledge of engineering, Excel office and other softwares knowlege and was fast learner. He was adopted to the work culture very fluently and was dedicated to work he used to do. He was focused in his career and had bigger aspirations. Wish him and other student's good luck for their future endeavours.
