I understand there were some network issues for some of the students.
If you could not join the session due to network or any other reasons , please drop me a note.

apologies Shrutika,  for now can you please start focussing on the second task, i will
start a private thread with each one of you in this portal and we can catch up. I will check
again, why the email invite did not reach your inbox.

                                                                                ▷

Can anyone take initiative and set up a whatsapp group for our batch please? It will be good to be in
touch via whatsapp i think.

My number is +44 7570208372

                                                                                ▷

## Major Points covered in Mentoring Project:

- Building Virtual Profile of Student
- HashMap in Java
- Python
