Subject: College Seminar on Industrial Automation System.

Reference: Telephonic discussion on 25/03/2022

Respected Sir

Warm greetings. We are glad to introduce Pioneer Automation Services, a franchise of Prolific Systems & Technologies Pvt. Ltd., ISO 5001 & 14001 certified, accredited by International Accreditation Organization, conducting industrial training & skill development programs that are approved by National Skill Development Corporation, Govt. Of India. We have been active in skill development since 1997 in Automation, Embedded, Electrical and Mechanical training and projects.

We request your esteemed institute conduct a college seminar on the subject matter. The forum will help students seek our expert guidance on career building in today's competitive industrial scenario. This seminar would also bridge the students seeking technical up-gradation/employment opportunities and a training center to provide necessary skills & knowledge. At our training center, we also carry out mock exercises to help students prepare for interviews and extensive hands-on training. The job assisted training courses and strong industrial business contacts has led to excellent placement track record.

This seminar will encompass the points mentioned above and take a maximum of two hours. Following is the general agenda,

- Introduction;
- Technical presentation;
- Placement opportunities and referral system;
- Response to students' queries and questions;

At the end of the seminar, we will request students to provide individual responses in terms of area of interest and communication preferences.

We express our sincere gratitude for providing us with an opportunity to conduct the seminar in your esteemed institution.

Best regards.

Sandeep Uttarwar

For General Manager (Pune Region)
