A Seminar on **“Opportunities for Engineering students in Automobile Industries”** by Mr. Awasare Rupesh was organized on 16th March 2020 by **Department of Automobile Engineering at R.M.C.E.T, Ambav.**

Objective of Seminar:

He recalled in college days and threw light on how they as alumni are involved in activities and contributing towards their alma matter. He explained more about how he involved as an engineer and started job in company in the area of automobile and grown to a extent where he is empowering students from rural background to learn and find joy in engineering. He guided our students about preparation of interview, aptitude test & GDPI. He explained how communication skill will effect on your personality & your career. He gave a call to all students and faculty members to learn and love engineering.

Programme coordinators: Asst. Prof. R. D. Belekar

Number of participants: 32

Venue: Classroom No. 12

The major course contents covered are as follows:

- **Various departments in Industry.**
- **How to find our interested area.**
- **How to face interview.**
- **Preparation for aptitude test & GDPI**
- **How to improve communication skill.**

The participants were satisfied with the content of seminar and it provided guidelines for the carrier and project work.

Glimpse of the Workshop:
