

Rajendra Mane College of Engineering & Technology, Ambav.

(Approved by AICTE, Recognized by DTE and Affiliated to Mumbai University)

NAAC Accreditation with B++ Grade

**“GOLD” category ranking for consecutive two years (2016 and 2017) in AICTE-CII
Survey of industry linked institutes.**

ISTE Best Campus Award.

Departmental Vision

To produce Electronics and Telecommunication Engineers capable of effectively using the scientific and technical knowledge for the betterment of society.

Departmental Mission

- ✚ Provide high-quality teaching, state-of-the-art research and creative activity to acquire innovation and next generation technologies.
- ✚ Develop educational and career goals, decision-making skills and job search strategies needed to manage their professional and academic pursuits.
- ✚ Promote interaction and exchange with industry and other institutions of higher learning.

From HOD's Desk

A warm welcome to the Department of Electronics and Telecommunication engineering... The significant infrastructural design, well-equipped laboratories, computers with latest configuration and high-speed internet facility along with qualified faculty members ensure the standard of education delivered from our department.

Our department has consistently maintained an exemplary academic record and results. The greatest asset of the department is its highly motivated and learned teaching and non-Teaching faculty.

Students and Friends... The trials of yesterday are behind you. A new school day dawns, and with it come possibilities. Chances for success, empathy, and discovery are abundant. Inspiration is everywhere you look. The opportunity to be better than you were yesterday is right here, right now.

Eric Thomas claims, “When you want to succeed as badly as you want to breathe, then you’ll be successful”. So, what do we say about pursuing success? According to me: it will be hard, it will be exhausting, and sometimes it will be lonely, but it will be worth it.

If you want it bad enough, you'll never give up though the worst goes before you. There's nothing you can't do if you really want to. Great things begin with small actions. World's greatest humanitarians, Mother Teresa use to say-"We can do no great things, only small things with great love".

Students, friends, I am always here to help you, but you've got to take the lead. The teacher is no longer the gatekeeper of all knowledge. Their role has switched to guide, assistant, and enabler of student potential. The responsibility for learning and succeeding, however, is still of student.

Friends, I believe in you...And remember...You're not alone...

Mrs. Kshirsagar P. P.
Assist. Prof. and H.O.D.
EXTC Dept. RMCET. Ambav.

Events & Co-curricular Activities

- ❖ The Electronics & Computer Science Department organized an induction program for second year Engineering students on 28th September 2024. It was started with felicitation of Principal Dr. M. M. Bhagwat Sir, Vice-Principal Dr. A. S. Joshi and all HOD'S. Department vision mission, Departmental activities are discussed with the students by HOD Mrs. P. P. Kshirsagar.

- ❖ Department of Electronics and Telecommunication Engineering has coordinated 5 days online masterclass in association with HIEE Empowering Engineers Pvt. Ltd. from 24/12/2024 to 28/12/2024 on the topic “Silicon Symphony - VLSI”. All the students of BE EXTC have attended this online masterclass

DEPARTMENT'S BI- ANNUAL NEWSLETTER.

Faculty Development Programs/ Seminars/Workshops Attended
